## 1. The story of NGo

### Dreams Dream Story

- On February 3, 2013, the son of Lim Chae-jong was miraculously alive after wandering for 70 days in the intensive care unit after being hospitalized with a cold.
- Lim went trekking in Nepal in September 2013 and heard that he needed a classroom in Lumbini. He raised money to build a school on SNS and raised KRW 27 million won in 157 days.
- - The beginning of the construction of one school is expanded to 100 constructions by seeing the bucket list of "100 schools that lead change" recorded in the notebook in 2010

## 1. The story of NGo

### Dreams Dream Story

By 2045, 100 schools will be built by 2021.

Construction and Operation of 10,000 Schools by 2050

## 2. Establishment purpose

Our mission is to build a school in underdeveloped countries and change the world by developing a global leader with spirituality, personality and professionalism.

### 1 Mission

- 1 Schools are built and operated in underdeveloped countries or regions.
- 2 Through education, we train global talents that combine spirituality, personality, and expertise.
- 3 Change not only schools but also villages/regions/states through education.

*DREAMS DREAM*

\*

**Impossible Dreams Come True.**

It helps children in underdeveloped countries to have dreams through education.

It makes the village independent through jobs and start-ups.

#### \* Dream's Dream

- The meaning of 'Dreams Dream' means mathematically infinite
- • Even dreams that seem impossible are realized.

## 2. Establishment purpose

Our vision is to build and operate 10,000 schools all over the world by 2050, and to change the world beautifully.

### 2 Vision and core value

## 2. Project progress status

### 3 Standards for Deliberation on Board of Directors for Selection of School Projects

#### 1 a place where the school is ready to be built

- Where the land to build the school is prepared (in advance purchases, donated by locals/villages/governments)

#### 2 school types that can be applied

- After-school, kindergarten, elementary, middle and high school, disabled school, vocational school (Information Technology School, Maker School, Media Art School, Health Beauty School, Food Bakery School, Palm School, Architecture School, Teacher Leadership School, Appropriate Technology School)

#### 3 school construction selection priority

- - Country or outskirts of cities without schools

#### 4 School Building Utilization After School Construction

- Building a school where the school is needed, using it as a school on weekdays and as a community center on weekends.

## 2. Project progress status

### 3 Standards for Deliberation on Board of Directors for Selection of School Projects

#### 5 school ownership

- Ownership is a local organization (corporate) and Dreams Dream does not have ownership.

#### 6 school management director

- The manager should be a Korean or local education specialist, and hire a professional teacher

#### 7 local residents participation

- Local residents should join the school as talent donations (inspire ownership of schools)

#### 8 school construction support budget

- Up to 17000 USD dollars per school (Smart schools can change the scope of support to board decisions depending on the type)

## 2. Project progress status

### 3 Standards for Deliberation on Board of Directors for Selection of School Projects

#### Recommendations

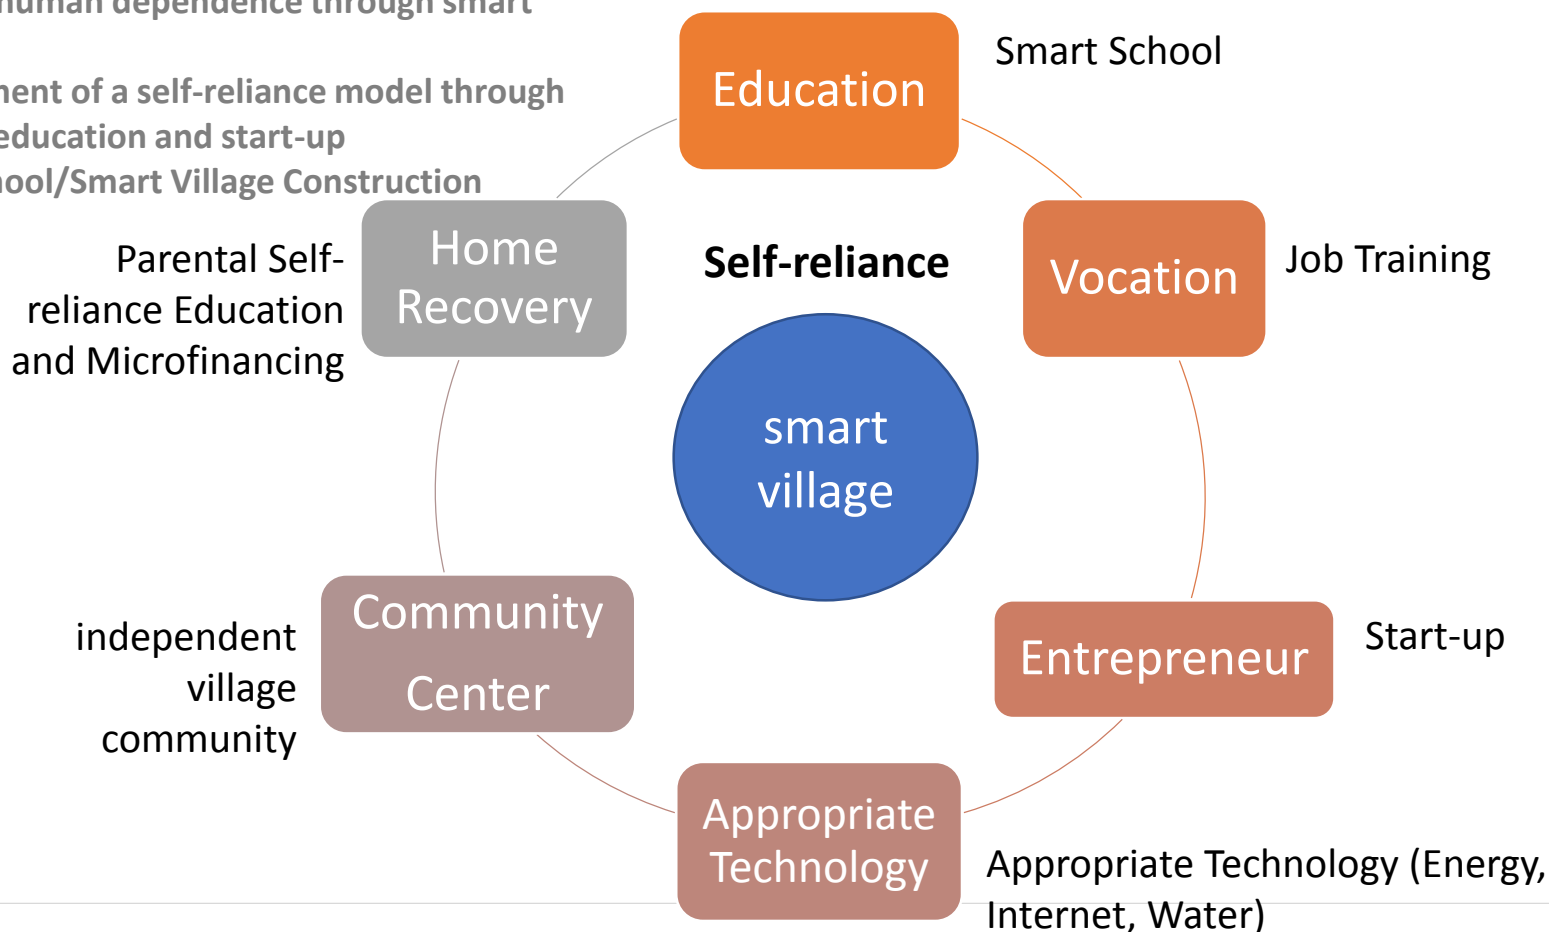

1. Used as a school on weekdays, as a community center on weekends	• use simultaneously as a school and community center
2. Building a school for use as a community center or auditorium	• Adjusted to local school regulations and made available
3. formal registration with local authorities	• Recommends the Government to register, but exceptions if it is affected by the Christian philosophy of education at the time of registration
4. school ownership	• Organizations (local corporations)
5. Whether to provide local labor and building materials	• Make locals accountable by donating talent
6. school site provider	• Where the school building site is pre-arranged
7. Communication Methods for School Construction Process	• Regular reporting of all the processes in which the school is built
8. receipt settlement method (Submission of a local formal receipt for building materials and labor costs)	• • After completion of the school, the relevant documents will be submitted in the original form, and all documents will be released on the homepage.

### 3. smart school operation strategy

We build 10,000 smart schools all over the world to change villages, regions and countries.

#### 1 A Strategy for the Change of Village/Region/National through Smart School

- Minimize human dependence through smart technology
- Establishment of a self-reliance model through vocational education and start-up
- Smart School/Smart Village Construction

## 4. NGO operation policy

### 2 NGO operation policy

- 1 100% of the donation is used to build overseas schools, provide educational equipment, and build systems
- 2 NGO operating expenses are zero, and all activities are made up of 100% talent donations of members.
- 3 The settlement of donations and donations is transparently disclosed on the homepage. \*  
<https://dreamsdream.org/financial-statements>
- 4 All ownership of the school is local, and Dreams Dream does not have any ownership.

## 4. NGO operation policy

### 3 Dream dream school operation policy

- 1 School operations are tailored to local conditions, and schools designated as Dream Dream Smart schools focus on smart education.
- 2 School operations are basically funded and run, and if you do not receive tuition, you will find your own sponsors or create a profit model.
- 3 The school type consists of general schools such as kindergarten, elementary school, middle school, and disabled school, information technology school, maker school, farm school, media art school, health beauty school, food bakery school, architecture school, teacher leadership school, appropriate technology school, family financing school.
- 4 School management is supported in various ways through experts/collaborators/businesses composed of talent donors in each field (curriculum, teacher education, content development, informatization education, vocational education, start-up, microfinancing)

## 4. NGO operation policy

### 3 Dream dream school operation policy

- 5 Focus on the system to share the curriculum, contents, and operational know-how by region/state, and the teacher re-education through on-line and off-line.
- 6 Continuing development of local innovation model and profit model to minimize school operating cost
- 7 Development and dissemination of smart contents that reduce teacher dependence so that the quality of education does not change according to teacher
- 8 Focus on re-education through on-line and off-line for operators and creating operating experts through workshops.
