## What Dreams Dream Does

1

### School Building

We build schools — from kindergartens to vocational schools — in remote villages with no school.

2

### Raising Global Leaders

Through education we raise global leaders equipped with spirituality, character, and professional skill.

3

### Community Development

Vocational training and start-up support transform villages into self-reliant communities.

# How It Began

A school-building movement that started with a father's prayer

Early days: fundraising campaign for the first school in Nepal

## February 2013

The founder's eldest son (then 11) was hospitalized with a cold and spent 70 days fighting for his life in the ICU — and miraculously survived.

## September 2013

While trekking in Nepal with CBMC members, he heard “we need a classroom.” An SNS campaign raised KRW 27 million in 157 days, and the first school was built.

## A Note from 2010

A line he had written in his notebook — “build 100 schools that lead change” — grew into the vision of building 100 schools.

## Today

The first 100 schools were funded in 7 years and 10 months, the next 100 in just 3.5 years — leading to the vision of 10,000 schools by 2050.

Goal: 10,000 schools in the remotest places

\* The goal of “100 schools by 2045” (2013) was moved up to “by 2025” in 2017, achieved early in June 2021, then expanded to 10,000 schools.

# Our Mission

To build 10,000 schools in the remotest corners of the world by 2050, raising global leaders of spirituality, character, and professional skill who will change the world.

1

## Build Schools

We build schools in developing countries and regions without schools.

2

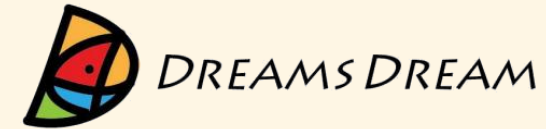

## Raise Leaders

Through education we raise global talent with spirituality, character, and professional skill.

3

## Relief & Development

We carry out education-centered relief and community development in remote areas.

*“Impossible Dreams Come True”*

“Dream's Dream” means infinity in mathematics — even the most impossible dream comes true.

Education makes children's dreams come true; jobs and start-ups make villages self-reliant.

100% of donations go to school construction; every activity is carried out by 100% volunteer talent-donation.

# Vision & Core Values

Change the world with love by building schools in the remotest areas of developing countries.

## Core Values

**Love**

We love our neighbors as ourselves.

**Authenticity**

We speak and act honestly, with authenticity.

**Transparency**

We practice love through transparency.

**Gratitude**

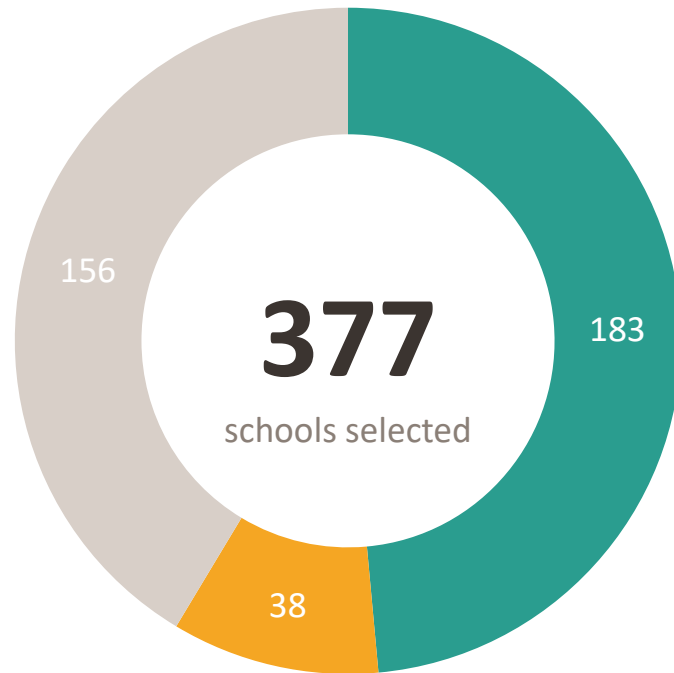

We express gratitude in every process.

**Servanthood**

We pursue whole-person change through humble service.

# School Approval Criteria ①

Eight criteria guide the review and approval of every school project.

## 1 Land Ready

A site for the school must be secured  
(purchased, or donated by locals, village, or government)

## 2 Eligible Schools

After-school programs, kindergartens, elementary–high schools,  
schools for the disabled, and 11 vocational schools (IT, maker, media  
arts, etc.)

## 3 Selection Priority

Priority for rural villages and city outskirts without schools

## 4 Use After Completion

School on weekdays, community center on weekends

# School Approval Criteria ②

Eight criteria guide the review and approval of every school project.

5

## Ownership

Owned by a local organization (corporation);  
Dreams Dream holds no ownership

6

## Operating Leadership

A Korean or local expert takes responsibility for operation;  
professional teachers are hired

7

## Local Participation

Local residents join the construction with volunteer labor  
(fostering a sense of ownership)

8

## Construction Budget

Up to KRW 25 million per school  
(smart-school type may change by board decision)

# Construction Recommendations

Recommendations that help each school operate sustainably with its community.

## School + Community Center

Used as a school on weekdays and a community center on weekends

## Multi-purpose Structure

A structure usable as a community hall or auditorium (per local school regulations)

## Government Registration

Official registration with local authorities recommended (exceptions if education is affected)

## Ownership

Owned by a local organization (corporation)

## Local Participation

Locals donate labor and building materials to foster ownership

## Site Provision

Built where a school site is already prepared

## Regular Reporting

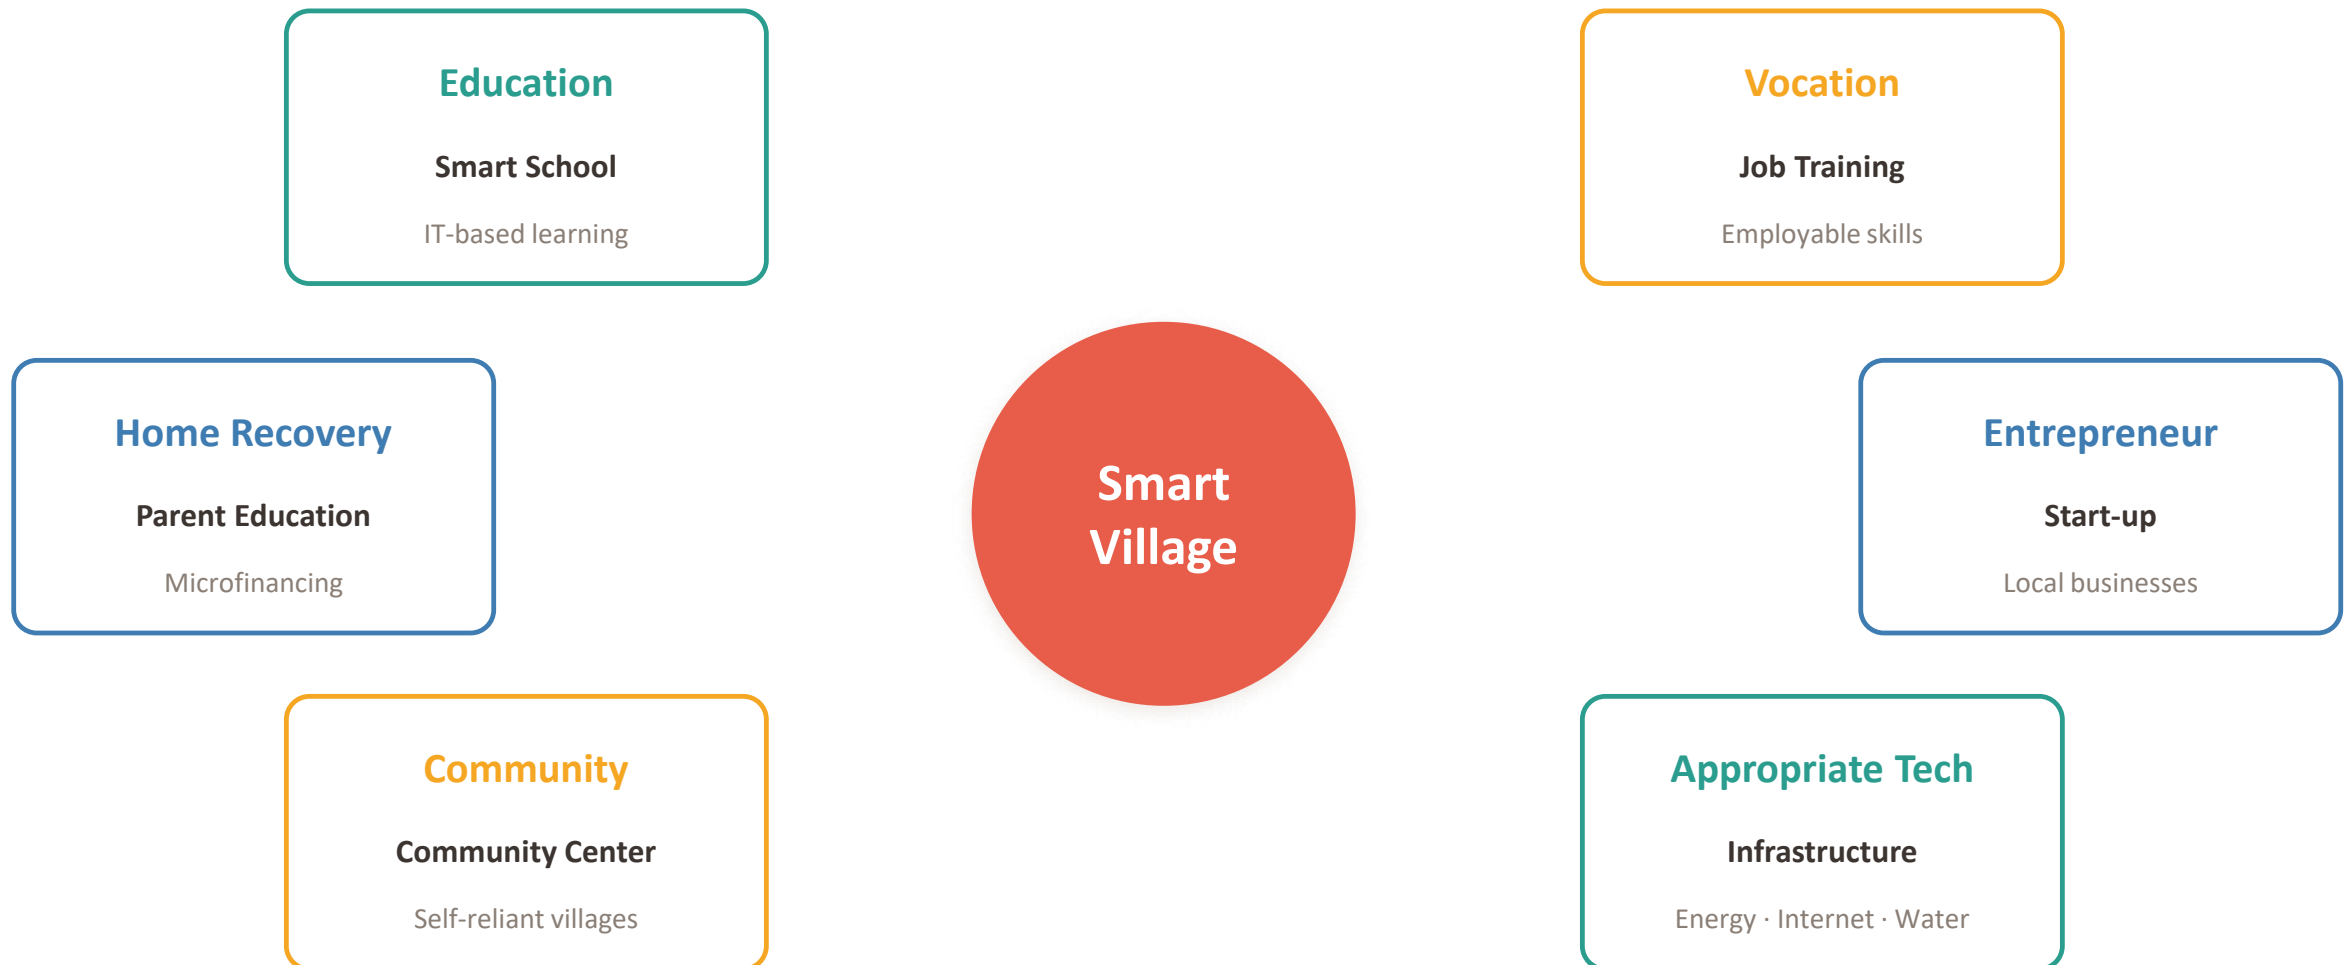

Regular reports and inspections throughout the entire construction process

## Receipt Disclosure

Original local receipts for materials and labor submitted and published on the website

# Transforming Villages Through Schools

The Smart Village model — changing communities through education

# Organizational Policy

Transparency is Dreams Dream's most important operating principle.

1

## 100% to Schools

100% of donations are used for building schools overseas, educational equipment, and systems.

2

## Zero Overhead

All activities run on members' 100% volunteer talent-donation. (excl. designated funding & fees)

3

## Transparent Reporting

All fundraising and spending reports are published on our website. ([dreamsdream.org](https://dreamsdream.org))

4

## Local Ownership

All school ownership belongs to local organizations; Dreams Dream holds no ownership.

# School Operating Policy ①

Localized education and self-sustaining operating models.

1

## Localized Operation

Each school is run in a way tailored to local conditions, focusing on raising talent through localized curricula.

2

## Financial Self-Reliance

Schools are basically run on tuition; where tuition is not possible, local sponsors are identified.

3

## Diverse School Types

General schools (kindergarten, elementary–high, special-needs) plus vocational schools (IT, maker, farm, media arts, etc.).

4

## Expert Network Support

Volunteer experts, partner organizations, and companies support curricula, teacher training, content, vocational training, start-ups.

# School Operating Policy ②

Localized education and self-sustaining operating models.

5

## Know-how Sharing

Systems for sharing curricula and operating know-how by region and country, with online/offline teacher re-training.

6

## Sustainable Models

Continuous development of local innovation and revenue models to minimize school operating costs.

7

## Smart Content

Smart content lowers teacher dependency so education quality does not vary by teacher.

8

## Training Administrators

Online/offline re-training and workshops develop expert school administrators.

# Dreams Dream Smart Schools

From general schools to vocational schools — we build the school each village needs.

## General Schools

Kindergarten

Elementary

Middle & High

Special Needs

After-School

## Vocational Schools (Smart Schools)

IT School

Maker School

Media Arts School

Health & Beauty School
